Everything you wanted to know about the CEB Award

award.coebank.org
Who is the CEB Award for?

If you work on addressing social challenges and improving the lives of the most vulnerable, this Award is for you!

Individuals older than 18 and organisations can nominate their projects for the CEB Award.
Which countries are covered?

The organisations or individuals nominating projects must be based in one of CEB’s 42 member countries in Europe. The same goes for the beneficiaries of the project.
Our project has been implemented for a few months. Can we still nominate it?

Yes! We expect to see projects that are already in the implementation phase. They should have clearly defined objectives, schedule, estimated costs and a financing plan.
What are the criteria?

Projects are assessed on **impact, sustainability** and **innovation/replicability**.

We want to know what problem you are trying to solve in your community and **who benefits** from your project.
Who makes the decision?

CEB staff with expertise in social projects examine and score all nominations. An international Jury of experts select one Award winner and two runners-up.
What is the prize?

We will award €35,000 in prizes to three exceptional projects. The best project will receive €25,000 and the two runners-up €5,000 each.
Nominate your project by 17 MARCH 23:59 Paris time
